

13-Gallon 18-Gallon

Industrial

These powerful wet/dry vacuums feature a hydro flow filter and are some of the quietest vacuums on the market.

MV-1300-0MEV
Shown with standard accessories

MOTOR

- Self-cooling motor design
- Quiet operation

CONSTRUCTION

- High impact poly canister

COMPONENTS

- Industrial-grade polyolefin wheels with stainless-steel shafts
- Hydro flow filter for wet and dry applications – no conversion necessary
- Filter decreases airborne particles through exhaust
- Filter efficiency 99.5% to 1.0-micron (Optional filter 99.97% to 0.3-micron)
- 25-foot power cord

UNIT INCLUDES

- 10-foot x 1½-inch crushproof hose
- 2-piece aluminum extension wand
- 14-inch commercial squeegee floor tool
- 12-inch combination floor tool
- 10¾-inch crevice tool
- 5-inch upholstery tool
- Cartridge filter
- 1 paper filter bag (Replacement bags sold in packs of 10 qty.)

CERTIFICATION

- CSA Certified – US and Canada

*Most wet/dry vacuums have a decibel rating of 63.4 dB(a).

13-Gallon and 18-Gallon

Wet/Dry Vacuums – Industrial

ACCESSORIES:

PART NUMBER	DESCRIPTION	FITS MODELS
15-0207	Hose with fittings – 10-foot x 1½-inch crushproof hose with fittings	All models
15-0223	Bulk hose – 1½-inch crushproof hose without fittings; sold by the foot with 50-foot maximum length	All models
16-0391	Aluminum extension wand – 2-piece friction fit; chrome-plated	All models
19-0230	Hydro flow filter – Designed for continuous water pick-up; will not clog or deteriorate; maintains maximum air flow; water resistant; for wet and dry use; completely washable; 99.5% efficient to 1.0-micron; 1.0-micron rating prevents drywall dust from damaging motor; decreases airborne particles through exhaust	All models
19-0234	High efficiency particulate air (HEPA) filter – Recommended for fine dust and clean room applications; will not clog or deteriorate; maintains maximum air flow; water resistant; completely washable; 99.97% efficient to 0.3-micron; 0.3-micron rating captures solid particulates, not allowing them back into the air	All models
19-0314	Vacuum cartridge pre-filter – For clamping around filter, to prolong filter life; disposable, for dry use only	All models
19-0610	Paper filter bags – 10 per pack; disposable for dry use only; recommended for fine dust	All models
19-0611	Cloth filter bag – Reusable for dry use only; machine washable	All models
33-0326	Crevice tool – 10¾-inch high impact plastic; connects directly to hose	All models
33-0327	Upholstery tool – 5-inch width; serrated edge; high impact plastic; connects directly to hose	All models
33-0328	Dusting tool – 2¾-inch nylon brush; high impact plastic; connects directly to hose	All models
33-0359	Commercial squeegee floor tool – 14-inch with replaceable rubber blades; high impact plastic; connects directly to extension wand	All models
33-0360	Combination floor tool – 12-inch with adjustable brush height; high impact plastic; connects directly to extension wand	All models
33-0361	Commercial nylon brush floor tool – 14-inch nylon brush insert; high impact plastic; connects directly to extension wand	All models
33-0362	Power floor tool – 10¾-inch, air-powered, belt drive; high impact plastic; connects directly to extension wand	All models
33-0371	"Claw" suction hand tool – 4-inch high impact plastic; connects directly to hose	All models
33-0397	Replaceable rubber blades-front blade – Fits commercial squeegee floor tool, 33-0359	All models
33-0398	Replaceable rubber blades-rear blade – Fits commercial squeegee floor tool, 33-0359	All models
50-0167	Tapered cuff end – Hose fitting - connects hose to wand or to hose connector	All models
50-0168	Hose connector – Hose fitting - connects tapered cuff end to hose extension	All models
50-0169	Inlet cuff fitting – Hose fitting - connects hose to vacuum	All models
852-0156	Hose adapter kit – For when you need to add extra hose to your existing suction hose; includes one hose connector, 50-0168 and two inlet cuff fittings, 50-0169	All models
852-0184	Replacement motor kit – Includes motor and weather stripping	All models
852-0191	Hose with fittings – 25-foot x 1½-inch crushproof hose with fittings	All models
852-0193	Hydro flow filter kit – Includes 19-0230 filter, support plate and hardware	All models
AW-9500-0000	Wall-mount bracket – Allows for permanent work cleaning station; save space by mounting vacuum to a wall; powder coated steel bracket	All models
AW-9500-0001	Vacuum bag and hose hanger – Fits both 13 and 18-gallon vacuums; vacuum hose hanger attaches to top handle; accessory bag holds two-piece aluminum extension wand, standard floor and hand tools; made from 600 denier vinyl-backed polyester; easy to clean with soap and water	All models

OPTIONS: *Options must be ordered with unit and cannot be added later.*

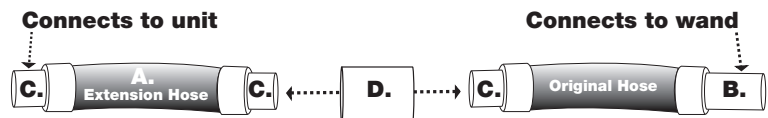

PART NUMBER	DESCRIPTION	FITS MODELS
VX-0001	Vacuum accessories with paper filter bags – Includes 25-foot x 1½-inch crushproof vacuum hose, 10 disposable paper filter bags (19-0610), crevice tool (33-0326) and "claw" suction hand tool (33-0371)	All models
VX-0002	Vacuum accessories with cloth filter bag – Includes 25-foot x 1½-inch crushproof vacuum hose, cloth filter bag (19-0611), crevice tool (33-0326) and "claw" suction hand tool (33-0371)	All models
VX-0003	Vacuum accessories with vacuum bag liner – Includes 25-foot x 1½-inch crushproof vacuum hose, vacuum cartridge pre-filter (19-0314), crevice tool (33-0326) and "claw" suction hand tool (33-0371)	All models

Note: These options will remove the two-piece aluminum extension wand (16-0391), combination floor tool (33-0360), commercial squeegee floor tool (33-0359) and the upholstery tool (33-0327) that come standard with the vacuum.

How to attach the hose adapter kit:

- A = Suction Hose (15-0223), sold per foot
- B = Tapered Cuff End, 1 qty. (50-0167)
- C = Inlet Cuff Fittings, 2 qty. (50-0169)
- D = Hose Connector, 1 qty. (50-0168)
